## Life, in style.

The perfect sleeve is a sleek portfolio that protects your netbook, laptop or MacBook Pro® from daily bumps and fumbles. Ours come in a variety of classic and unexpected fabrics and styles designed to fit your tiniest netbook to your almost-too-big-to-be a laptop. Choose a favorite or indulge with several.

## PLS & PAS Sleeves

Our most luxurious sleeve treats laptops and MacBooks® like rock stars. Sleek neoprene is lined with a soft, sueded fabric to protect your hardware from scratches and nudges. Asymmetrical zippers allow easy access to your computer and reveal a pocket for your power cords, with a dedicated pod for a thumb drive. Practical gratification at its best.

# Lasting impressions.

We are obsessed with organization and providing the means to store and protect the tools and technology that allow you to live a mobile lifestyle. Whether it is through public relations with our partner Open2Europe, advertising or in-store, we strive to connect and build bonds with consumers who share our passion.

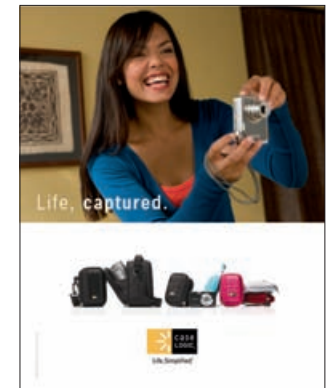

# 20 years in Europe

With 20 years history in Europe, we have simplified the life of millions of consumers with great solutions to transport and protect their latest technology such as laptops, photo cameras, iPods, or mobile phones.

Introducing the first audio cassette case back in 1984, we have kept on innovating and expanding our product lines, with designs and features that are road-ready and always cleared for take-off. In 2009, we sold over 10 million products through more than 50 countries in Europe, Middle East and Africa – that's more than 27 000 products everyday!

This could only have been achieved with the support of our retailers and our distributors covering all these countries; most of them have been our partners for over 20 years.
